MRS. MARY A. QUINN, 811 E. Johnson St., Los Angeles, Cal. writes: "At times my kidneys were so bad that I could not get on my feet. After I had used Doan's Pills for some time, my kidneys were cured. I feel like a new woman and am around for several hours at a time. Another sign of trouble was the frequent urination. I tried everything else, but didn't want anything serious. I started to take Doan's Pills. I am now a healthy woman and can do all the work I want to do."

Premier Takes Portfolio of Foreign Affairs; Three Pears in Group

Government is Impotent to Force Its Policies, Has No Majority

(BY CABLE-EXCLUSIVE DISPATCH)
LONDON, Jan. 22.—Tames Macdonald, leader of the English Labor party, and a new Labor Cabinet today assumed administration of the government of Great Britain and its far-flung dominions. Mr. Macdonald's accession to power came after Prime Minister Stanley Baldwin, whose government was dethroned yesterday, presented his resignation to King George and, following the British custom, advised that ruler to call upon the leader of the dominant party in the House of Commons to form a new government. King George immediately called Mr. Macdonald into conference. The Labor leader accepted the King's invitation to form a new government, and Europe's most powerful cabinet of conservatism had fallen before the onslaught of followers of newer political ideas.

FIRM STAND ON SURTAX

Coolidge Against Compromise

President Backs Mellon in Plan to Cut Rate to 25 Per Cent

POSSIBILITY OF VETO SEEN IF FAVORABLE MEASURE IS NOT PASSED

(BY CABLE-EXCLUSIVE DISPATCH)
WASHINGTON, Jan. 22.—Advisors of a compromise on surtax rates has failed to influence President Coolidge. Regardless of legislative developments the President proposes to continue to urge a reduction of the maximum surtax rates to 25 per cent as recommended by Secretary of the Treasury Mellon. Retention of this position at the White House today was accompanied by an assertion that the President will not change his attitude even if Congress passes a measure in compromise form. It was added, however, that the President could not decide in advance just what course he would pursue in connection with the signing or vetoing of such a bill.

VETO POSSIBLE

While an impression prevailed in some quarters that the President might go so far as to veto a bill merely because of unsatisfactory surtax rates, it was regarded as more probable that he would sign the bill as the best that could be obtained and at the same time issue a statement expressing his dissatisfaction with certain features of the bill. Republicans leaders in Congress are confident that the President will not deprive small taxpayers of reductions in their tax rates by vetoing a bill of large income tax cuts. The amount of reduction, which the President believes is essential for the stimulation of industrial activities. The tax reduction was among the topics discussed at today's Cabinet meeting. The President made it clear to his advisers that he stands squarely with Coolidge's policy for the treasury bill and against fundamental changes.

DIFFERENT PURPOSES SEEN

The President recognized that perfecting amendments are necessary in the case of all legislation. He regarded a change in surtax rates as a fundamental change. He believed that those seeking this change do not have the same purpose in mind as the framers of the treasury bill. There was little change in the situation in connection with the proposed compromise in surtax rates. Republican House Leader Longworth stood by his declaration that the House will not pass a bill with a maximum surtax rate of 25 per cent and that a compromise should be reached in the Ways and Means Committee at a higher figure. Representative Green, Republican, Iowa, chairman of the Ways and Means Committee, was believed to continue firm in his position that a compromise is necessary and his attitude made it seem impossible for the advocates of the 25 per cent rate to obtain the votes of a majority of the committee. At the same time it seemed doubtful if the Democrats would be willing to accept a compromise rate which will be satisfactory to the Republicans. Republican members of the Ways and Means Committee were

THE REAL Theodore Roosevelt

AS TOLD IN THE PRIVATE LETTERS OF

Maj. Archie Butt,

Aide and Intimate of "T. R."

Copyright, 1934, by Doubleday, Page & Co.

WASHINGTON, June 16, 1908.

My Dear Mother:

Yesterday afternoon Fitz Lee and I went over to the White House to play tennis. The other two players being the President and Postmaster-General Meyer. The latter is an exceedingly interesting man. He is a New England product of the Harvard cult. But he is very much a man and goes in for all sorts of sports. He was one of the President's classmates and intimates, yet he is most punctilious to always call him "Mr. President."

A GOOD MINT JULEP

He gave us a good mint julep when we had finished, and while we were drinking it in the office, with the water pouring off, Mr. Lee came in with some dispatches from Chicago. We heard him say that Taft should know that at once and began to dictate a letter about two planks in the platform to be adopted. Taft had always stood for them, and I looked at Fitz and we hastily withdrew, for there is a thing of knowing too much and hearing too much. He is a perfect confidence in those around him that he never cautions any one to secrecy and he is so frank that he is safe with those who serve him.

WASHINGTON, June 15, 1908.

My Darling Mother:

Police is stalling, and everything in the Republican party not on the Taft bandwagon seems to be getting on it as rapidly as possible. The President alone seems poised and untroubled. Having set up the Taft cards he knew that they were going to fall as he had planned. He was very sure during the past few days he seemed to be the only one certain that the program was going to be carried out as planned. The second day of the convention, the day after his name had been cheered for forty-nine minutes by the delegates, he was in as gay a humor as I have ever seen him. By accident four of his aides met there: Mr. McCoy, Commander Sims, Fitz Lee and myself. Some one said something about the President's reputation his name had been given.

TALKS HORSES

I asked him for a photograph of his horse, Albatross, which he gave at once and paid high compliment to the latter. The general had asked me to try to get him one signed, but I was not sure how it could be done, and the fact that I was able to secure one the day after he asked me for it gave him a very exalted idea of my influence. The fact is the President is so free with those about him that there is little interest in that one might not say. I took the opportunity to say how Albatross had decentered his department and that he had his remount stations under experiment now.

NEVER GOT OVER "HORROR"

"I shall never forget dear old Admiral Russell telling me with pride one day when I was Assistant Secretary of the Navy that he could look in a certain pigeon-hole, which he showed me then, and find exactly how many bottles of red, and how many bottles of black ink each ship had on board. I never got over the horror of that statement. So Albatross has decentered his department in carrying out my opinion of him, and I congratulate myself on my choice of a quartermaster-general. I find that his opinion of Gen.

LILLIE HOPPE, the noble young athlete who used to win a whole herd of points for Stanford every year, made a couple of Olympic teams, held several world's records, and then burst into fame as a demon cartoonist whose efforts are published all over the country, has been doing his best to speak a good word for California amid the icy blasts of Chicago. His latest effort was to head down a widely broadcast statement by Tom Eck, University of Chicago track coach, casting considerable reflection on the speed of Charles William Padock of Pasadena.

Eck came out in a lengthy interview with the statement that Padock had only run 100 yards in 9 1/2 seconds and 100 times on a clay track which had been specially built for him. He also added "Padock has never met what you would call real competition in all his career. He undoubtedly will qualify for the Olympic Games but he will have to show his speed in the final tests at Boston in June and it will be interesting to see what he can do there."

Murray immediately dashed down to the office of the newspaper which published the interview with Eck and the following day they came out with a loud denial in which Murray pointed out that Padock ran 9 1/2 at Berkeley on Saturday in 1920 and repeated at Stanford three days later, both of which marks were made on cinder tracks. He also ran 9 1/2 on clay tracks at Pasadena and Redlands and the only time he ever ran on a track made specially for him was at Santa Barbara and his marks made on this track were not allowed.

The State at large is very much indebted to Mr. Murray for calling attention to the misstatements of Bro. Eck, but what we can't quite understand is how anybody can get to be a track coach at a big University when so colossal an ignorant as Bro. Eck. And to think that he could say that a man who had won the National sprint championship and the Olympic 100 metres had never had any real competition. Somebody ought to send Bro. Eck a year's subscription to some reliable newspaper and let him read up.

Walter Westbrook, who beat Harry Snodgrass in a hard-fought exhibition match at the Hotel Huntington last Sunday, is a very welcome addition to the local tennis colony and will certainly be of immense help in building up the class of the local talent. Anybody who can beat Snodgrass under any conditions at all is entitled to respect and apparently Westbrook is capable of giving Harry a run for his money any time they start out.

It is interesting to watch Westbrook play for he is first of all an athlete and after that a tennis player. When at the University of Michigan he was not only the top notch player

Although he is one of the lightest men playing in the Pacific Coast in the main event of last night's program at the Vernon Coliseum, the West, being an adept dribbler and a crack shot. The Cardinals are undefeated this year and the doctored leader has scored a majority of his team's points. The Trojans may mar this record Friday night when the two teams meet at Palo Alto.

KRAMER-O'DONNELL DRAW

Philadelphia Southpaw Gives St. Paul Fighter Great Battle; Joe Schlocker Wins

Danny Kramer, Philadelphia's southpaw featherweight, and Johnny O'Donnell, St. Paul lightweight, boxed a fast and furious draw in the main event of last night's program at the Vernon Coliseum. The popular lad from the Quaker City gave away ten pounds to his rival and then went out and made the Minnesota fighter go all the way to keep from getting trimmed.

Kramer opened up strong, winning the first round with rights to the face and rights and lefts to the stomach. His southpaw tactics bothered O'Donnell. The second session was also Kramer's. The star that Young and Durant landed two hard right to the jaw. In the third round the southpaw started to get the lead again, but O'Donnell made a strong finish and his great rally in the last half of the final round, after Kramer had again threatened to take the lead, earned him the draw decision.

Joe Schlocker got the call over Eddie Diggins in the semi-final. The first and second rounds were even, although Diggins hit Schlocker a blow in the second that drew blood. Joe did some damage himself in the third, however, cutting his rival's eye with a left punch. Schlocker also had a shade in the final session.

The feature event produced the best of the preliminary bouts. Bud Soules and Harry Wiltman battling toe to toe for a good draw. Both men scored knockdowns in the opening rounds, and finished up in terms in the last two. Bill Wallace gave Nick Antonio a rough time, winning the decision easily, while George Rivers was victorious over Benny Marks with-out much difficulty. George Smith beat Cliff Ramies and Ed Savage hung it on Earl Lane.

TO INCREASE POLICE FORCE
(EXCLUSIVE DISPATCH)
ONTARIO, Jan. 22.—In view of the increasing number of burglaries in the residence districts of the city, the City Council favors an increase of the night police force by the addition of a motorcycle officer who would be available for patrol duty in the outlying districts.

DIGGINS GOES NORTH
Eddie Diggins, San Francisco lightweight who fought Joe Schlocker in his last two local starts, departed tonight for San Francisco, where he will tackle Pete Daly in the main event of the Dreamland Club Friday night.

CULVER TRACK TO REOPEN

Promoter Dick Ferris Will Unlock Gates Saturday for Resumption of Racing Meet

Manager Dick Ferris announced yesterday that everything was ready and in shape to throw the gates of the Culver City racetrack open on Saturday. The Southern California Jockey Club will conduct six races every day. Horsesmen that are now at the track will be pleased to know that the smallest purse will be \$600 and a \$1000 feature event will be pulled off every day.

The many horses that are now stabled at the course are in fine condition, most of them being up to a gruelling race. This fact should furnish thrilling sport and many close finishes should be expected. Tijuana yesterday sent three carloads of horses to Culver City and it is expected that among the lot will be Bill Flynn which broke a record at the border city a few days ago.

The same lot of officials will obtain as before, with Promoting Judge E. C. Smith and Secretary Bill Finn in the judicial pagoda to look after the finishes. Races will start at 2 o'clock sharp, the last race being over about 4:30 o'clock—thus giving patrons ample opportunity to get home in time for an early dinner.

Manager Ferris declares that he is this time backed up by eastern capital. The men behind him believe that horse-racing is sure to prosper in Los Angeles and they are willing to stand the gaff for a goodly amount.

RESUME INTERCLUB PLAY

Rancho vs. Los Angeles Match is Feature of Second Round Golf Today

Golf teams of twelve country clubs will be seen in action today in the second round of play for the interclub team championship of the Southern California Golf Association, with the Rancho-Lo Angeles match on the L.A.C.C. links easily the feature of the day.

Wishire plays at Midwick and Plintbridge will be entertained at Annandale in other Class A contests, while Class B provides competition between the Hollywood Country Club and California on the latter's links in group 1. Brentwood and Hillcrest were scheduled to collide at Hillcrest, but the match has been postponed until Saturday.

JOURNEY TO RED HILL

In group 2 of Class B Virginia will be host to San Gabriel's ten-man team, while representatives of the Pasadena Golf Club journey to Red Hill. Teams in groups 3 and 4 will be idle today.

The Los Angeles Country Club team demonstrated its power in the first round of play by defeating Wishire's best, 4 matches to 1. Everett Seaver and Bill Campbell proving a worthy combination for the first foursome. Today, in competition with George Von Elm and Willie Hunter, Seaver and Campbell have a difficult afternoon mapped out for them, and Rancho enthusiasts are predicting their defeat.

LOS ANGELES LEADS

Los Angeles leads in Class A, while Hollywood, Virginia, Pasadena, Hacienda and San Diego head their respective divisions in Class B. The winners of the four sections of Class B will play off after the schedule is completed for the right to meet the victorious team in Class A for the S.C.G.A. title.

FRENCH STAR ENTERS LIST

Former Dirt-Track Champ to Ship Car West
Will Compete Next Sunday on Bental Course

Louis Disbrow, for years the kingpin of all dirt-track drivers and holder of a majority of the A.A.A. track records and dirt-track championships before there were speedways, and later fully as prominent in the International Motor Contest Association's lists, is to appear at New Ascot Speedway next Sunday. President George Bental announced last night that, following a long-distance conversation between the great driver and himself, Disbrow hung up the telephone receiver to pack his goggles and driving togs and started for Los Angeles on one of the limited trains.

Disbrow's famous Simplex "Zip" No. 2 will be shipped by express this morning from Chicago, but if its arrival is delayed later than Saturday afternoon Bental has arranged for an eight-in-a-row 183 cubic-inch Miller for Disbrow's use until the "Zip" checks in.

Disbrow was invincible for many years, retiring from the sport during the war after jumping the A.A.A. when the I.M.C.A. was formed. Fred Horey defeated him for the championship of the latter circuit in 1922 after he returned to the track. Both Ralph De Palma and Horey were for years strong rivals for Disbrow's honors and the injection of the little Frenchman into Sunday's Ascot events will doubtless cause a lot of excitement.

Elimination of everything which did not function last Sunday according to Hoyle or whoever's book dictates the proper etiquette at auto speedway meets is promised by Bental for the coming Sabbath's speedfest. Black crude oil is spoiling the "high yellow" appearance of the track.

SOUTH SEA SHIP BELIEVED LOST

Score of Adventurers Sailed
on Bark Narwhal

Vessel Left Australia in
Unseaworthy Shape

Four Had Quit Ship Thought
Sunk in Storm

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Jan. 22.—
The bark Narwhal, which left here
on February 28, 1923, with a crew
of more than twenty adventurers
bound for the South Seas, has been
missing for several weeks on the
isolated sea lanes between Sydney,
N. S. W., and Noumea, New Cal-
edonia, and may have been
wrecked by a storm, according to
Capt. A. C. Wilvers of the Ameri-
can ship Mucoota, who arrived
here today on the liner Ventura.
The Narwhal has not been heard
from, Capt. Wilvers said, since she
set sail from Sydney on November
4 for a trade trip to New Cal-
edonia.
Capt. Wilvers said that he noted
at Sydney that the Narwhal was
in an unseaworthy condition.
"Above the water line the seams
were yawning," he said. "Any
sort of rough weather would have
forced her to take water faster
than the pumps could handle it."
The Narwhal cruise, which
drew adventurers from all parts
of the world, came to an end as
far as its actual purpose as an ad-
venture was concerned, when the
vessel put in at Sydney with the
announcement that she would be
used thereafter in purely commer-
cial ventures. She took a cargo
of coals and steel rails aboard for
shipment to Noumea, but was at
first denied clearance by the Aus-
tralian authorities on account of
her unseaworthy condition. She
finally obtained sailing papers
through the American Consul.
Murry Fay, motion-picture man,
Tim Fitzpatrick, former naval cap-
tain, and two others named Rich-
ards and Hughes quit the Narwhal
at Sydney and may be the only
survivors. Others on the vessel
were Capt. Charles Arvey, the com-
mander; H. C. Billings of Boston,
retired Coast Artillery captain; W.
Ayasoglou, formerly attached to
the Russian Legation at Tokyo;
Fred C. Linder, H. J. Richardson,
George W. Schuster, San Fran-
cisco business man, and Thomas
J. Watson, San Francisco insurance
man.
The bark was posted as missing
at Sydney when he left, Capt. Wil-
vers said.

(BY A. P. NIGHT WIRE)
MUSKOGEE, (Okla.) Jan. 22.—
Five thousand dollars daily from
oil, said Mrs. Fife, 18-year-old
Creek Indian girl, from poverty to
riches, but it has not brought her
happiness.
Last week she agreed to pay
\$50,000 as a divorce settlement to
Berlin Jackson, the farmer-boy
sweetheart she married soon after
oil was discovered on her allot-
ment, and she left a sod-house on
the prairie for a modern home
with three expensive automobiles
in her garage.
Today process servers were
seeking her at Muskogee, her home,
with papers signed by Mrs. Otis
Carr, wife of Henry Carr, a deputy
sheriff, alleging that the rich
Indian girl had alienated the af-
fections of her husband, Mrs.
Carr asks \$25,000 damages.
Friends of the girl said she was
preparing to leave for California
with a bungalow at Hollywood as
her objective.

MARSH ATTACKS TRAFFIC POLICY

Riley Fayed for Holding
Back Pay Checks

Auto Official Sees Travel
Periled in State

Change of Conditions Cited
in Warm Appeal

(EXCLUSIVE DISPATCH)
SACRAMENTO, Jan. 22.—Declaring that "something must be done to regulate the overwhelming increase of auto traffic in California in 1924," Will H. Marsh, head of the State Motor Vehicle Department, in an address yesterday before the Kiwanis Club in the Hotel Land, directed an attack against State Controller Riley for refusing to grant pay checks for special state highway police.

"At present there are men working as special police on our highways who aren't being paid. The State Controller has refused to grant them remuneration," said Marsh. "Despite the fact that the Appellate Court and the Attorney General have declared they are legally entitled to such pay. The State Controller now is preparing to carry his fight to the Supreme Court. If he succeeds, the high-

ways will be left at the mercy of speed violators and marauders." To show how traffic has increased and will increase in California, Marsh predicted the number of cars in California in 1924 would be not less than 1,300,000. In 1923, he said, there were 1,100,000 auto licenses issued, compared with 100,000 licenses in 1915.

"The reason why the State Controller is succeeding so far in holding up pay checks for special police," Marsh declared, "is because the people know little about the Motor Vehicle Department and do not appreciate the importance of automobile traffic."

"Things have changed since Noah built his ark, and so have methods of intercity transportation. Motor vehicles have accomplished more missionary work and Solomon could have entertained more wives to better advantage if there had been automobiles in their days."

"It is regrettable if we, with our modern method of traffic, do not do something in this State to protect our traffic adequately."

ANTISALOON HEAD ON TRIAL IN NEW YORK

LEAGUE OFFICIAL ACCUSED
OF TRYING TO "FOOL THE
ROCKEFELLERS"

(BY A. P. NIGHT WIRE)
NEW YORK, Jan. 22.—In order to "fool the Rockefeller," who contributed largely to the league funds, William H. Anderson, state superintendent of the Anti-Saloon League, placed O. Bertall Phillips, fund collector, on a salary instead of a commission basis. Asst. Dist. Atty. Pecora declared today in his opening address at Anderson's trial on a third degree forgery charge.

Former Gov. Whitman, chief of Anderson's counsel, accused Phillips of having communicated with the Association Against the Prohibition Amendment, offering to "deliver" Anderson for \$25,000. The State's star witness also was charged with having tried to sell news articles about Anderson to the Evening Mail, The World and The Herald in New York, for \$5,000.

BOOTLEGGER WINS CITY COUNCIL RACE

ANTIDRYS ELATED OVER
ELECTION VICTORY AT
MARYSVILLE

(BY A. P. NIGHT WIRE)
MARYSVILLE, Jan. 22.—J. W. Watson, who paid a \$300 fine in Police Court recently for bootlegging and who is charged in Superior Court with a violation of the Wright Enforcement Act, was elected a member of the City Council yesterday after a campaign in which the opposition between the prohibitionists and antiprohibitionists was a distinct issue.

The election of Watson and J. C. Baldwin, another "wet" candidate, to the City Council is considered by the antiprohibitionists to be a complete campaign victory for them. Walter Kynoch, grammar school principal, was the only prohibitionist elected to the Council.

Eighteen Years Ago

(EXCLUSIVE DISPATCH)
LOUISVILLE, Jan. 22.—California's 29,000 former Kentuckians are being urged to return to their old homes in Kentucky next June when an old-fashioned Home Coming celebration, such as took place here eighteen years ago, will be staged.

Efforts are now being made by the Kentucky Home Coming Association of this city to obtain the names and addresses of these native Kentuckians for the invitation lists which are now being assembled. According to the United States census report, one fourth of the Kentuckians residing in California are residents of Los Angeles.

Kentucky is planning to break its own record for hospitality when the thousands of visitors swarm through her gates next summer. Voluntary subscriptions amounting to \$100,000 will be used in making preparations for the event. And, in order to make each of the seven days of the celebration in Louisville long remembered, an organization of 800 volunteers workers already has taken up the task of arranging the minutest detail of the elaborate program.

One of the feature events is to be a monster barbecue, which will be the greatest of its kind ever held South of the Mason and Dixon line. In addition to pageants, parades, balls and similar attractions, there will be an industrial exposition, erection of a monument to George Rogers Clark, and aerial circus and a military review of thousands of soldiers who trained at either Camp Taylor or Camp Knox here during the World War.

Pilgrimages to Harrodsburg for unveiling ceremonies in celebration of the State's founding 150 years ago, and to Bardonia to visit the "Old Kentucky Home," that romantic shrine of Kentucky's homing sentiment, will be made during the week of June 16-22.

Following the celebration in Louisville each county of the State will hold a reunion or reception. Arrangements are now being made to obtain reduced railroad fares from all parts of the United States to Louisville during the Home Coming.

GIRL SHOTS AT BURGLAR IN BEDROOM

Intruder Flees in Hail of
Bullets, but Takes Jewelry
and Cash

CHESTER (Pa.), Jan. 22.—Miss Carrie E. Larkin, Chester school teacher, chased a burglar from her bedroom, firing four shots at him as he fled from the rear yard at her home. One of the shots was fired by Miss Larkin from her bed and the other three as the intruder ran from her house. None took effect.

Two diamonds rings, a brooch set with diamonds and \$1 in money are missing from the Larkin household as the result of the burglar's visit.

"It was between 8:30 and 9 o'clock in the morning that I was awakened by some one in my room," Miss Larkin said. "I first thought it was my mother, but when I was fully awake I saw a man at the dresser taking jewelry from a box."

"He turned and saw me, then started toward the door. I drew a revolver from under my pillow and fired just as he was passing through the door."

"He ran to the rear of the house through the hall and out the back door. I ran after him carrying my revolver. I saw him run to a shed in the rear of the house and I followed him. I saw him leap to the ground from the rear fence and I was terribly excited and I fired three times."

"I was terribly excited and I guess that is the reason my aim was poor."

SEEKS FREEDOM ON
INSANITY PLEA

(BY A. P. NIGHT WIRE)
PENDLETON (Or.), Jan. 22.—At the trial today of Miss Nora Ellis, charged with the murder of Gordon Mettles, A. M. Kottmeier testified that he saw Mettles lying over the steering wheel of his automobile immediately after the shooting.

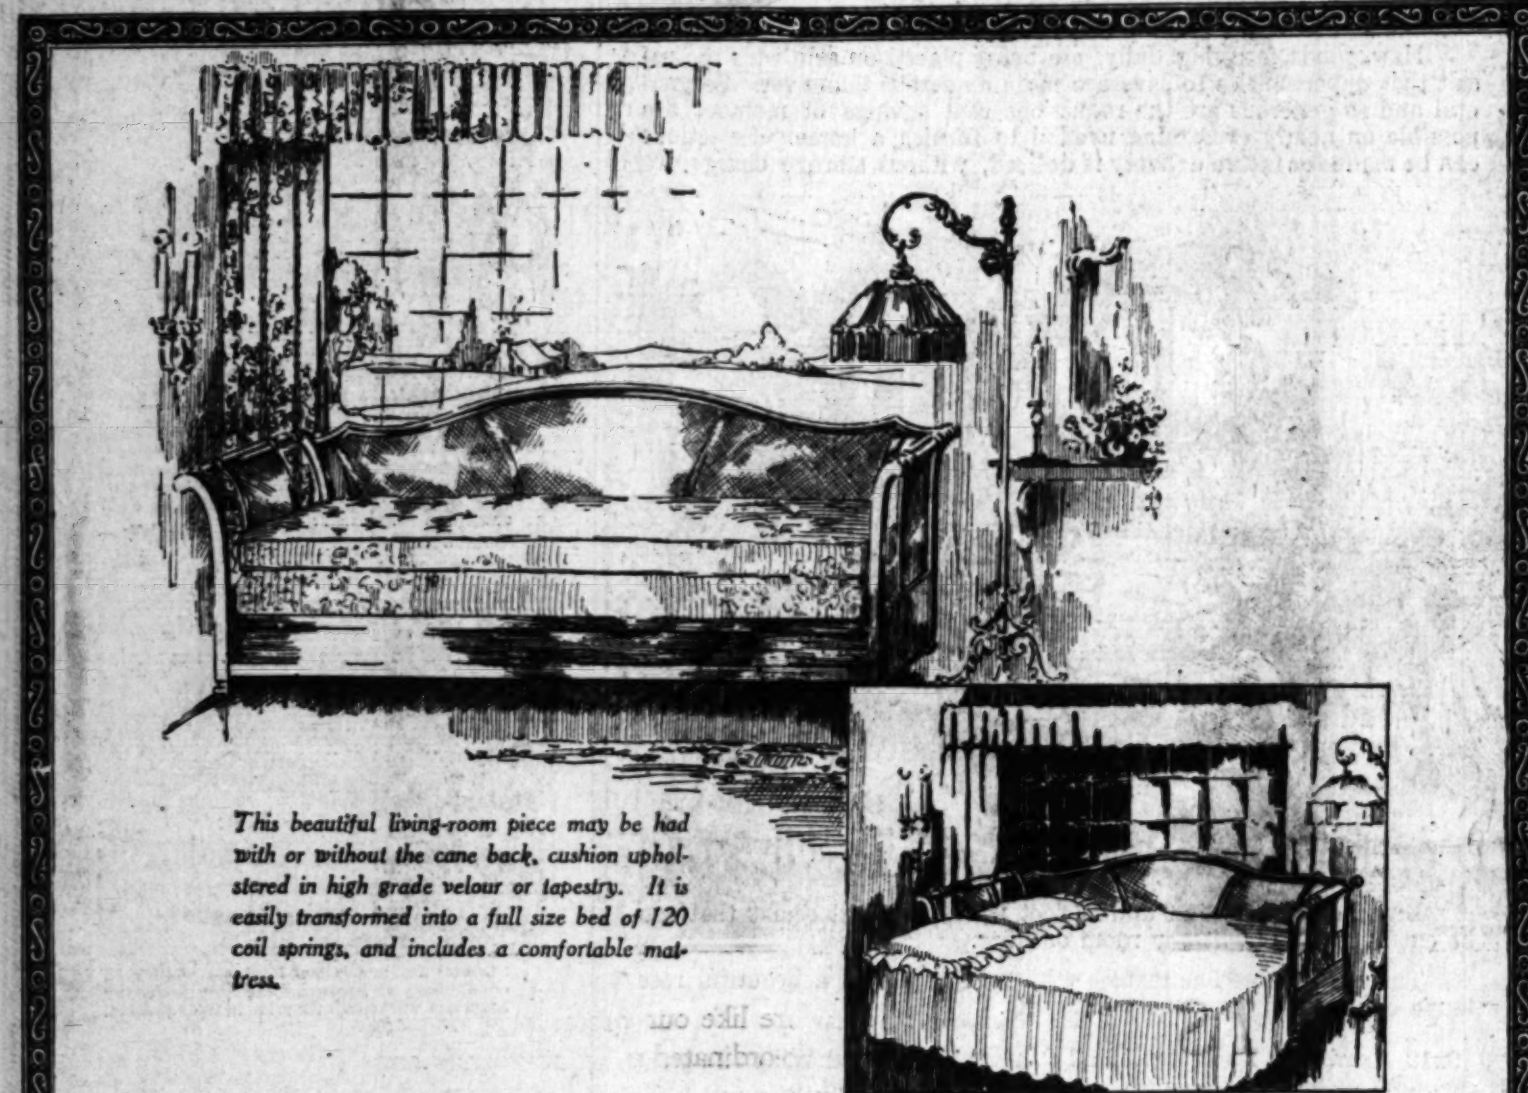

Kottmeier said Miss Ellis came out of a house with a revolver in one hand and a rifle in the other. When told Mettles was dead she said, according to Kottmeier: "He got what was coming to him. There's another one too, but I don't know where he is."

The defense, as outlined by Miss Ellis's attorney, is that she was wronged by Mettles and was temporarily insane when she shot him.

HIGHWAY BUS FRAUD COMPLAINT IS MADE

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Jan. 22.—The practice of unlicensed automobile drivers accepting fares for transportation to Los Angeles from this city and then depositing their passengers on the highway and disappearing when a few miles out of San Francisco has been brought to the attention of the State Railroad Commission for action, the commission announced today. Recently three drivers were convicted here on charges of obtaining money under false pretenses in connection with the practice.

Give Thought to Beauty and Utility

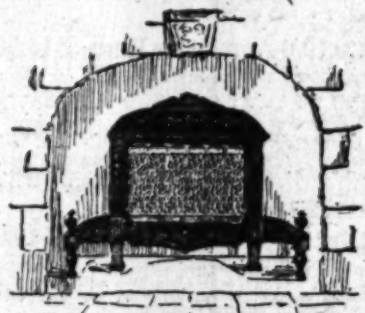

in furnishing your home. With that which is purely ornamental, beauty is your chief concern.

But in the case of furniture that has a definite use in your home, beauty is of little appeal unless it bears the mark of character that makes the piece wonderfully comfortable and inviting to use, that gives it long life by sound construction and durable finish, and that insures many years of service by reason of its charm in design and color effect.

ALHAMBRA

AN IDEAL FOSTERED IN COMMUNITY ART AND RECREATION

IROM Greece in the age of Pericles comes the groundwork of our democratic government in the "Republic" of Plato, the basis of natural science in the syllogism and categories of Aristotle, the beginnings of modern day ethics in the teachings of Socrates, the origin of the drama in the plays of Sophocles, an art and architecture of the Acropolis that has never been surpassed, and feats of valor at Marathon and Salamis that have been the wonder of the ages. ¶ Back of this hundred years of unparalleled creative production was a great life principle—idealism—that lifted the Greek mind out of the shackles of material circumstance and fixed it upon the ideas behind the things of their universe. ¶ Back of this Golden Age was an education based upon this idealism, that made such leaders in government, art and thought as Pericles, Phidias, Sophocles, Plato, Socrates, Aristotle. ¶ The youth was taught from the heroics of Homer to honor his state first, his father and mother second and himself last. He was taken to the music master, where he was trained to move his body in manly rhythms. He was taken to the master of the games to make his body strong and co-ordinated. He was taken to the Theatre of Dionysius to join in the Choral Odes that are like our community sings today, and the dances and

IDEALISM

processionals that are like our pageants. ¶ It was an education that co-ordinated mind, heart and body and put the student in tune with his universe. Only after it gave way to the mentalized training of the Rhetoricians and the materialism from Asiatic Greece did Athens lose her power and fall into ways that were her destruction. ¶ Art was the life and education of the Golden Age, for art deals with a world of ideas which was the Greek world. In the revival today in our pageants, our community sings, our community players and our art associations, of art as a civic force, we may see the promise of greatness to come. ¶ Alhambra, at the forefront of this revival, is placing before its people a bond issue to build a great art center with an amphitheatre that will seat 15,000, music and art studios, and galleries for painting and sculpture. Here the city's pageants and singing festivals may be held and art may become a vital force in the upbuilding of a richer civic life and the education of better citizens. ¶ If, as Plato says, music enters into the very inmost parts of the soul only to issue in mutual compacts and take form in civic institutions and government, Alhambra's Art Center will lie at the very foundations of her community life, the source and inspiration of a greater city of the future, a city of which you and your children will be proud to be citizens—a city of high ideals.

Metropolitan Hospital of New York makes test of Mountain Valley Water

There was recently conducted by the Metropolitan Hospital of New York City, a systematic and scientific test of Mountain Valley Water, over a period of ten weeks.

Chronic cases of Arthritis, Rheumatism and Nephritis

The test was under the direction of a member of the Medical Board and the cases selected for the test were Arthritis, Rheumatism and Nephritis, accompanied by High Blood Pressure and other complications. The patients under observation were all chronic cases.

Medicines with which the patients were being treated were discontinued and Mountain Valley Water from Hot Springs, Ark., was used exclusively. A complete physical examination together with laboratory tests were made of each patient at the start, and regularly throughout the ten weeks of the test.

Practically all distressing symptoms disappeared

Each case was attended and examined regularly and a noticeable improvement was found in all patients in a few weeks time, and practically all of the distressing symptoms disappeared.

Every case, according to the hospital authorities, showed improvement. Most of the patients left the hospital and returned to work, although some had been unable to walk for quite a while.

The results of this test, with the inquiry and chief complaint of each case, have been compiled and are available for your inspection.

These remarkable facts will interest you

If you have considered taking the Mountain Valley Water treatment, it will be interesting to you to read the remarkable facts about this famous water, developed by the Metropolitan Hospital.

Mountain Valley Water from Hot Springs, Ark., is prescribed and recommended by physicians in Bright's Disease, High Blood Pressure, Diabetes, Rheumatism, Neuritis and kidney ailments. It is palatable and delicious, and used by many solely as a table water.

We will be glad to show you a copy of the report

WITNESS IN DRY TRIAL ACCUSED

Anti-Saloon League Head's Case is Sensation

Blackmail and Traitor Terms in Attack

Prohibitionist Charged With Juggling Accounts

(BY A. P. NIGHT WIRE)

NEW YORK, Jan. 22.—D. Bert Phillips, chief prosecution witness in the forgery trial of William H. Anderson, State superintendent of the Anti-Saloon League of New York, today was characterized by former Gov. Charles S. Whitman, principal defense counsel, as a traitor to his country, a blackmailer and an extortionist.

The attack, delivered in a barrage of alternate questions and accusations, caused a sensation in the courtroom, and led to the doors for the second day of the trial.

In the course of his denunciation, the former Governor accused the star witness of having attempted to "sell out" the league head to a half-dozen interests identified with the forces opposing prohibition. Phillips left the stand facing another ordeal, as court was adjourned until tomorrow with Whitman in the midst of his cross examination.

Conspicuous among those mentioned as having been approached by Phillips for money in return for his promise to "deliver" Anderson, were the Rockefeller, father and son; Henry J. Kaltenbach, an official of the Fleischmann brewing interests and of the National Brewers' Association; a number of New York newspapers; Col. Jacob Ruppert, a brewer and owner of the New York Yankees; and Hamilton H. Gillett, chief counsel for the New York division of the Association Against the Prohibition Amendment. It was the latter, Whitman charged, that Phillips, who said he now was a fund solicitor for the Young Men's Christian Association, charged to "deliver" Anderson for \$25,000.

ACCUSED OF TREASON

The name of J. P. Morgan and Company was mentioned by Whitman in connection with his accusation that Phillips had, in 1918 been associated with several men who had purchased from an employee in the Morgan bank a number of relative to munition purchases by the Allies and had thereafter sold the secrets to American munition interests.

"Did you not, in addition to abandoning your wife and six children, attempt to sell out your country?" the former Governor thundered.

The witness stammered, hesitated, then replied in the negative. Pressed by the attorney, he admitted having had business relations with some of the men later identified as having been concerned in the sale of munition secrets, but pleaded that he knew nothing of their activities.

Phillips, the day's third witness, told, under questioning of Asst. Dist. Atty. Pecora, of his employment by Anderson as a league fund solicitor in May, 1917.

DRY LEADER ACCUSED

"I told Anderson I would work on a 10 per cent commission basis," Phillips testified, "but he said he would have me sign a contract giving me a salary of 20 per cent of the first \$25,000 I collected with 10 per cent of every additional sum. Anderson told me he wanted to enter into this agreement to fool the Rockefeller, who had been told any league collector would be on a salary basis and not a commission arrangement."

"Later, Anderson told me that I got \$10,000 a year and I won't let anybody in this organization get any more than 10; when your commissions totaled \$18,893, he said, 'Without his knowledge, he explained, Anderson had his (Anderson's) share of the commission paid to him in checks drawn to himself by the league's assistant treasurer against Phillips' salary account."

MADE PROTEST

"In March, 1921," he continued, "I received an office note that the government internal revenue department had been notified that my income for the previous tax year, 1920, had been \$18,893. I protested to William M. Potter, then head bookkeeper, that I had received only a little more than \$14,000, more than \$4,000 having gone to Anderson as his commissions. He said he would see about it."

Phillips said Potter discussed the matter with Anderson and that Anderson directed the bookkeeper to transfer on the books \$4400 from Phillips' salary account to the league's hotel and traveling expense account. A new statement was made out for the government, he said, and he paid income tax only on the sums he had actually received.

Pecora introduced into evidence an order signed by Anderson directing Potter to make the transfer of the \$4400 item on the league's books. The notice was then given over to Whitman for cross examination.

COURT RULES AGAINST TAX REDUCTION PLEA

(BY A. P. NIGHT WIRE)

SAN FRANCISCO, Jan. 22.—A suit by Charles F. Ruggles, a resident of Michigan, to have taxes to the amount of \$984 on timber properties controlled by him in Calaveras county set aside was decided against Ruggles today in the United States District Court. Ruggles had contended that the taxes were in excess of the amount called for by a proper assessment of the land. The court held the assessment correct.

HOSPITAL PROPOSED

(BY A. P. NIGHT WIRE)

WASHINGTON, Jan. 22.—Construction of a veterans' hospital at Portland, Ore., at a cost of \$500,000, would be authorized under a bill introduced today by Senator McNary, Republican, Oregon.

CHECK SENT FOR RELIEF OF HUNGRY

Ambassador Gibson in Poland Early Giver to German Children Fund

With the opening yesterday of the fund-raising campaign in Southern California in behalf of hungry German children, a "long distance" donation, accompanied by a letter detailing the pathetic conditions among these little ones, was received from Ambassador to Poland, Hugh Gibson, whose home is in Los Angeles and who wished his sympathy recorded among the list of Los Angeles contributors.

Ambassador Gibson wrote to William G. Kerchhoff, president of the Southern California Gas Company, and vice-chairman of the Los Angeles committee, enclosing a check for \$100 payable to the relief committee. Mr. Gibson was in personal charge of the Hoover relief work in Belgium during the war, and recently been to Germany and found a pitiful want among the children of that country.

His letter was sent from Washington, D. C., and was timed to be received here the first day of the campaign. The diplomat has also contributed through the national committee to Maj.-Gen. Henry T. Allen, chairman.

While sixty teams of business men, each headed by a captain, were canvassing the business and industrial districts, it remained for the little city of Elsinore to bring in the first money for the opening day of the drive. Before the first team captain had reported any results from this city, Miss Horla Grams, of Elsinore, walked into committee headquarters in the San Fernando Building, and turned over \$219. "There is more to come," she said, "but we wanted to get in our early money on the very first day."

No estimate could be made of the total of the first day's receipts. There was, however, general response to the appeal in behalf of these children. Tabulations of the day's receipts will not be complete until some time today, but there were many substantial checks found among the receipts, the bulk of which were in smaller individual amounts.

While the captains were making their reports last evening, Dr. C. N. Thomas, industrial and consulting agent of the Southern Pacific of Mexico, headed a bevy of high school girls who made the rounds of dance auditoriums and later appeared on the Tuesday evening crowd at the Jack Doyle pavilion.

Boyle Workman, chairman of the Los Angeles committee, last night issued a warning against fakery. "Every representative of this committee is carrying a card and signed credentials," he said. "No money should be given to any other person advertising in or percentage schemes are indulged or tolerated. This is 100 per cent charity."

Business Man Declares Wife is Drug Addict

Asserting his wife had become addicted to the use of narcotics and other stimulants, Clair Wilson, local business man, yesterday filed suit for divorce against Thelma Katherine Wilson.

Wilson asserted his wife had gone so far as to sell her diamond engagement ring and other personal effects in order to raise money for the purchase of drugs. She was also declared to have issued checks under the name of Mrs. Clair Wilson which he says he was called upon to pay.

Wilson stated his wife had been treated in two or three institutions handling drug addict cases and that in October, 1923, she was committed by the Superior Court to the State Hospital at Patten for a period of two years on the ground that she had lost her self-control.

At the time of their marriage, January 18, 1920, Wilson said he owned property valued at \$20,000 but that this sum had for greater part been dissipated by his wife. The pair separated September 21, 1923, according to the complaint.

MRS. F. K. HARRISON IS GIVEN DIVORCE

(BY A. P. NIGHT WIRE)

SANTA BARBARA, Jan. 22.—Mrs. Frances Kohlman Harrison, a daughter of J. E. C. Kohlman of Cincinnati, was granted a divorce yesterday from Learner B. Harrison of Montecito on the grounds of abandonment. Mrs. Harrison will receive two of the minor children and \$700 a month alimony. Harrison was given the custody of one child. They were married in Cincinnati in 1915.

AUTO WIDE COSTLY

(BY A. P. NIGHT WIRE)

PASADENA, Jan. 22.—Harry Nape of the Warrent Hotel has learned that driving an automobile without the owner's consent doesn't pay, this fact being forcibly impressed upon him by the five-day jail sentence inflicted in Justice Court today by Judge J. Russell Morrie. Complaint in the case was John E. Wheeler, who appeared for Annie G. Dawson, owner of the machine.

Announcing

Prudential Building-Loan Association

of Los Angeles

AUTHORIZED CAPITAL \$1,000,000

THE PRUDENTIAL BUILDING-LOAN ASSOCIATION has been organized by a group of substantial local business men who believe that the aims and functions of Building-Loan Associations are of vital importance to the stable prosperity of Southern California.

During ninety-three years of operation, Building-Loan Associations have proven themselves to be among the soundest of financial institutions. There are over ten thousand associations in the United States today. Total assets exceed three and one half billion dollars—representing the investments of 6,864,000 people.

The success of the PRUDENTIAL BUILDING-LOAN ASSOCIATION is made certain by the outstanding ability and wide experience of its officers and directors.

S. L. Roland, President, has had thirty years' experience in the building-loan business, and is recognized both in California and throughout the middle west as a successful building-loan executive. For a number of years he has managed some of the most successful building-loan associations in Los Angeles.

Hon. Geo. S. Walker, Secretary, has served the State of California for more than twelve years as Building-Loan Commissioner, resigning in December, 1923, to become actively associated with this organization. During his careful administration there has been no loss to the public through building-loan associations in California—a record unequalled by any other class of financial institutions.

THE PRUDENTIAL BUILDING-LOAN ASSOCIATION now offers for public subscription (subject to prior sale) the unsold portion of its **GUARANTEE CAPITAL STOCK**.

Price \$110.00 per share.

This stock may be purchased either for cash, or 25% in cash with subscription and balance in 20 equal monthly installments. 6% interest will be allowed on each payment from the date received. No interest will be charged on deferred payments.

The Guarantee Capital Stock of California Building-Loan Associations has proven so safe and sound and has paid such handsome returns that their shares are at all times in active demand at a premium among investors familiar with this type of security, and it is only possible to purchase them on the above terms at the time of an association's organization.

Call in person or write immediately for detailed information.

LOS ANGELES EXCHANGE

Petroleum stocks listed on the Los Angeles Stock Exchange responded yesterday to the opening to the announcement of the increase in crude oil and gasoline prices by the Standard Oil Company of California, but sold off in the later dealings. A few stocks, notably the Union Oil issue, were exceptions, each rising 2-4 points to new highs for the year.

IRRIGATIONISTS GIVE CRITICISM

Complain of Bad Locations for Improvements

Montana Delegate Offers Relief Program

Letter to Secretary Work Discussed at Meeting

BY A. F. NIGHT WIRE

SALT LAKE CITY, Jan. 22.—

The Salt River, Arizona, and

Huntley, Sun River, and Milk

River projects of Montana stated

their opinion regarding their re-

clamation units to the fact-finding

commission today. The reclama-

tion service was mildly criticized

by some of the delegates for cho-

osing poor locations for improve-

ments. Long-time payment periods

were recommended by the Mon-

tana district delegates.

J. Homer Hancock, an officer of

the Huntley irrigation district,

stated that project was \$423,000 in

arrears because the annual levy

for operation and maintenance had

been too low and a deficit had ac-

cumulated.

Another reason for the deficit

was that a large sum had been

expended for a relief program that

A 10-year payment period be-

lieved the deficit.

The deficit is removed by the

government.

All money from penalties to re-

store that project and not to the

general fund.

Adjustment of taxes whereby the

settle only what he actually

owns and has paid for.

IMPROVEMENTS CITED

Hancock cited some improve-

ments on the project which he

termed "improperly chosen and

constructed."

J. L. Truscott, president of the

Lower Milk River Water Users' As-

sociation, discussed the statement

which had been filed by delegates

from the project last week. He

told briefly the bad financial

condition of the farmers in the

district, which the water users

walked off and the wild growth

has again taken what had been

to be fertile farm land.

He recommended that the

settle be given forty years to pay

for the water and that all in-

stances which the reclama-

tion service made engineering mis-

take should be checked and the

costs of the mistakes taken from

the cost of the project.

LETTER CRITICIZED

Samuel Nees, chairman of the

Water Users' Association of the

Greenfield Division of the Sun

River project, criticized a letter

which D. Davis, reclamation

commissioner, wrote to Secretary

of the Interior Work concerning

a petition for relief from the

project. Davis said the letter

had sent Davis, as misleading.

One hundred eighty-five settlers

had sent a petition to Commission-

er Davis, and in refer-

ence to this letter to Secretary

Davis had commented upon the

lack of spirit in holding crops

and gave this as one reason for

the failure of the project. Nees

insisted that the settlers had

been successful in almost every

instance.

LONG-TIME PAYMENTS

The Salt River, Arizona, dele-

gates asked for a 10-year pay-

ment period, no penalty on de-

ferred payments now due, long-

time period for these payments

and that all government projects

in the future be turned over to

landowners organizations com-

plete to drainage features, irrigation

and development of power.

INTERVAL IN COLD WAVES FOR CHICAGO

Everybody Happy as Warm Rays Melt Ice but Worst is Yet to Come

(EXCLUSIVE DISPATCH)

CHICAGO, Jan. 22.—Chicago

temperature skyrocketed today.

The thermometer registered 26

deg. above at 9 a. m. During mid-

day it warmed up considerably,

and the bright rays of the sun

turned some of the outlying

streets from sheets of ice to slush.

But relief from the biting, sub-

zero cold was most welcome, and

every one was happy.

Late this afternoon the mercury

began to tumble again. The

weather man issued a forecast that

replaced smiles with gloom, and

foreboding. "Much colder to-mor-

row and tomorrow night," was

what he said.

It was a case of one cold wave

chasing another across the con-

tinent, the general prediction

showed. All through the Middle-

West, which shivered yesterday,

mild readings were reported this

morning.

Meanwhile, the new chill, which

started in Alaska yesterday morn-

ing, was sweeping down from the

ice fields and had covered the Far

Northwest.

It will arrive in the Mississippi

Valley sometime tomorrow, if it

continues on schedule.

The O'Rossen Suit

A sketch of the O'Rossen suit. A sketch of its impertinent silhouette. A sketch of its casual, assured simplicity. And the O'Rossen suit demands an appreciation of its casualness, its tailored simplicity, its impertinence!

These suits derive their inspiration from O'Rossen, a tailor of Paris. They promise to be the nucleus for the smartest costume of spring. The O'Rossen type suit—from \$49.50! In sizes for women and misses!

The Fashion Sections — Bullock's — Third Floor

A Special! Boys' Wash Suits, \$2.85

—Today, just as soon as the doors open at 9 o'clock, the Boys' Store will offer these splendid Suits at \$2.85—and many mothers probably will be there on the dot, too, to obtain the best selection.

—A wonderful assortment of fabrics, styles and colors—why, you should need only a glance to realize how superior these Suits are to those regularly sold for \$2.85.

The Materials Alone Signify Quality

—Fine Oxford cloth, durable chambray, sturdy kiddie cloth, crepe that requires no ironing, wonderfully-wearing poplin—these are the high-grade fabrics used in their making.

—Then the excellent way they are made—cut generously to allow plenty of freedom for active little bodies—neatly finished and smartly styled—

Middy, Button-on and French Middy Models

—In bright, clear colors—green, blue, brown, tan, white and many attractive combinations.

—If you've a boy between 3 and 8 years, why not obtain enough for his spring and summer wardrobe at this saving? Today, \$2.85 a suit.

—The Boys' Store—Bullock's Fifth Floor

—And Night Gowns to match at the same special January price in "The Underwear" today—\$2.95.

—The Luzona Philippine Undergarments are, you know, noted for their consistently high quality and beautiful hand-work. They are a feature in Bullock's Section of Lingerie.

—And really, the designs are the prettiest Bullock's has had yet, even in this month of Underwear values. Dainty flower patterns, prim little conventional designs so artistically embroidered in eyelid or punch-work or beautiful solid effects.

With Scalloped or Tailored Hemstitched Neckline

—As a finish to these fine nainsook Chemise and Gowns.

—Chemise have bodice top or regulation armholes—step-in or envelope style—in sizes 36 to 44.

—Night Gowns affect the round, square or V-neck—sleeveless, or with kimono sleeves—sizes 15, 16 and 17.

—Those who are the best judges of values probably will be the first to come to Bullock's today for these exceptional Gowns and Chemises at \$2.95.

—Bullock's Fourth Floor

Zephyr Yarns for Spring Sweaters

—Featuring such lovely colorings as wistaria, maize, peacock blue, scarlet, wood brown, jade, copper, purple—black and white—in fact, all the favored shades of spring.

—Begin now to knit your new sweaters of this fine yarn. At Bullock's—today—25c a ball.

—The Art Needlework and Gift Shop, Bullock's Hill Street Building.

For Spring: Clever New Embroideries

—The gayety of spring colorings in embroideries, insertions and materials has no doubt speeded dressmaking in most homes, so enticing and alluring are they!

—Bullock's new embroideries are here and creating no little amount of enthusiasm. Designs are new, and usually of the Peasant design—in cross-stitch. The Peasant colorings are noticeable in the entire collection of new embroideries that have just arrived from Europe.

—Bandings of linen embroidered in daring shades—other bandings of batiste or organdy are just as attractively colored with embroidery.

Especially for Children are Other Embroideries!

—Story-book characters are gayly embroidered on organdie for children's frocks. They are very quaint and for the pleasure of the small folk.

—27-inch flouncings have interesting characters. A dress made from these would give the little one something new to enthuse over.

—Trimming Section, Bullock's Second Floor

Cotton Dress Fabrics from Switzerland:

"Bullock's For Foreign Dress Cottons"

—Only one of many foreign countries which has so beautifully contributed fancy dress cottons to Bullock's.

—From the sources of Switzerland, Bullock's representative chose the most interesting peasant designs best adapted to frocks and afternoon dresses for wear in Southern California.

—Gayly embroidered in many, many colors—often in one design a number of vivid colors combine for an amazing effect—an effect one cannot imagine, from such bold and daring shades! Backgrounds are a soft shade of tan.

31 inch Vividly Embroidered Batiste, \$2.00 Yard

—Embroidered in many colors in an all-over scroll design, on a tan background.

31 inch Embroidered Batiste, \$1.50 yard

—Very effective, embroidered stripes in the same gay colors. Or, circular designs of the multiflorous type. Sheer fabrics especially designed for lovely afternoon frocks.

Note: Plain tan batiste, unembroidered, may be purchased for combining with these all-over embroideries at \$1.00 a yard.

Swiss Embroidered Crepe at \$3.50 a yd. —48 inches wide! An exceptionally beautiful crepe fabric with Bayadere stripe, embroidered in floral clusters. Many colors.

—Section of Foreign Dress Cottons, Bullock's Second Floor.

Men's Bath Robes Are Remarkable at \$3.95

—In fact, so remarkable that every one of the 50 should be eagerly accepted Wednesday—perhaps even before the end of the day.

—This conjecture is not based upon imagination, but upon the results of a recent presentation of similar robes at the same low price, \$3.95.

—Beacon Bath Robes—in small, medium and large sizes—in many attractive color combinations—and in a good assortment of patterns.

—Well made, finely finished. Cord bound. Buttons in the front.

—All together, wonderful robes—at \$3.95.

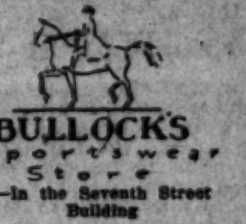

—Just 50—today—in The Store for Men, Bullock's First Floor

White Buck For Sports New—at \$11

—Bullock's presents this stunning Brogue of fine white buck—with the kilie tongue. Notice the smart winged tip and low flat heel. The toe is soft and pliable—the sole nicely finished in white ivory.

—And the price—surprisingly low—\$11.00 a pair.

Blankets at Drastic Reductions

—Values that present an invitation that should not be overlooked—to purchase all you need in the Bedding Section at Bullock's today:

Single Blankets \$4.95

—of a good mixture of wool and cotton. Sizes 70x82 and 70x90 inches. Some in Indian designs—others in dark stripes—reduced to \$4.95.

Cotton-and-Wool Blankets, \$5.45

—A heavy and durable grade—70x80 inches in size. A variety of pleasing colors at this lowered price—\$5.45.

Blankets, \$5.95

—Wool on a strong cotton warp. Extra heavy single blankets in pretty plaid effects 70x82 inches—surely unusual at \$5.95.

Wool Plaid Blankets, \$8.75

—70x80 inch size at this deeply reduced price—\$8.75.

72x84 inch Blankets, \$10.95

—Wool on a fine cotton warp. Pretty plaids of pink, blue, tan and gray—special at \$10.95.

—Bullock's Sixth Floor

pered to prevent their removal.

**City Attorney
Will Appear in
Viaduct Case**

City Attorney Stephens and Depu-
ty Attorney Milton Bryan
represent the city of Los An-
ges at the hearing in this city
before the California High-
way Board Commission in the mat-
ter of the commission's allocating be-
tween the city, county and Indian
district railways the cost of the
new viaducts to be built over
the Los Angeles River and Indian
district railroad tracks.

The hearing was held at 10
a. m. and was attended at the
city's expense by the city's share of the cost of
viaducts. The commission

will apportion the cost of each
viaduct upon a basis of benefits
derived by each of the interested
parties.

JURY NOT IN SESSION

The Federal grand jury will not
be in session this week, and the
next meeting will be on Friday,
February 1. It is understood that
indictments in cases involving the
uses of the mails in oil promo-
tion will be considered immedi-
ately upon the reconvening of the
grand jury.

Prosecutor J. H. Egan, who
has charge of these prosecutions,
will be here at that time.

POLICE TO STUDY

Thirty-five Los Angeles patrol-
men yesterday handed over \$5 each
for a course in criminology and
criminology to be conducted by Dr.
A. B. Hoag, an authority. About
100 persons attended a "mample lec-
ture" given by Dr. Hoag at Central
station. The course was arranged
by Chief Vollmer.

**Negro Landlord
Fatally Shoots
Defiant Tenant**

B. T. Vernon, 55 years of age,
a negro of 3204 Thompson avenue,
shot and killed Luther Willk, 59,
of the same address yesterday,
according to police. Vernon is a
waiter at the Los Angeles Athletic
Club and works in the depart-
ment employee. After the shoot-
ing Vernon fled, but was captured
by police. The victim, Willk, was
and Whaley, who happened to be
in the neighborhood on another
call.

The detectives say they learned
Vernon rented part of his house
to Willk, his wife and daughter.
The trouble arose and told Willk
to move. Willk failed to do so
and a quarrel followed in the front

yard, in the course of which sev-
eral shots were fired. Willk was
shot through the head.

In his fight Vernon ran to
Thirty-third street and Hooper
avenue, where the detectives found
him. Vernon was charged with
murder.

**ASSERTED WRECKER
OF TRACK ARRIGNED**

George Thacker, accused of re-
moving numerous spikes from ties
of the track of the Union Pacific
Railroad, yesterday was ar-
raigned yesterday before Judge
Hahn. The case was continued un-
til the next day, the entry of a
plea. It is charged that on De-
cember 16 last Thacker removed
spikes from the track and was
arrested at watchman. A man,
with several loaded passengers
on board, passed and could not
before the condition was discovered
by a trackwalker.

**Fund Provided
by Council for
Highway Survey**

The survey of a new highway
from Adlan Fernando Valley to Saw-
telle through Sepulveda Canyon
was made possible yesterday by an
appropriation of \$1000 by the City
Council on recommendation of
Councilman Wheeler. The ad-
jacent property owners will pay
for the survey. The cost of the sur-
vey will be in charge of Wilkie
Woodard, an engineer who is fa-
miliar with the project, which has
been indorsed by the Board of
Superintendents and other official bod-
ies and local property owners' or-
ganizations.

The Sepulveda Canyon road will
be built after the city has passed
through Laurel Canyon and
Cahuenga Pass.

Lundin-leaf grows for the occasion

By MARY KIRKWOOD

In grandmother's day guests meant a hurry-scurry scamper to pantry, attic or cellar for extra table leaves.

But in the modern home—all that has been forgotten. Granny's old, heavy table fillers have been sent to the second-hand store.

Modern women are always instantly ready to receive guests. Making more table room is merely a moment's task for them.

A spread of the table top and they swing all the room they need into place. The LUNDIN-LEAF dinner—today's modern table—carries all its extra leaves hidden under the top—out of sight.

Two simple movements and the leaves are in place. Once spread they are solid and sound—supported in the center by steel brackets.

Grandmother's table leaves used to stick and jam. LUNDIN-LEAFS can't. They're hand fitted at the factory and perfectly matched.

You can get LUNDIN-LEAF tables in beautiful period designs in mahogany and walnut, with complete dining room suites to match. If your dealer has not yet a complete line send for our illustrated booklet of designs.

Dinner-Dance
Mr. and Mrs. Ralph Richard Deming of South Wilton Place gave a delightful dinner-dance for twenty-five guests at the Athletic Club a few evenings ago in compliment to Mr. and Mrs. Homer Lange (Marian Foster) of Chicago. Mr. and Mrs. Lange are here for their honeymoon and are the focus of the party.

Afternoon Tea
This afternoon Mrs. Alma Norton Hare will receive at tea at her home on West Adams street, as is

her custom on Wednesdays, her guests today including Misses P. O. Sundin, M. Webster, C. P. Lockhart, Dick Smith, A. C. Tamsion, T. Les Shepard of Long Beach and the mother of the hostess, Mrs. John B. Norton.

Supper and Bridge
Mr. and Mrs. Chester T. Hoag entertained with a supper and bridge party last night at their home in Hollywood. The delightful event was in honor of Mrs. L. S. Fialoe of Washington, D.C. Forty guests were asked to meet Mrs. Fialoe, who is visiting in the Hoag home. Mrs. Hoag is planning a series of parties preceding Lent.

Prenuptial Affair
Miss Norma Reideman gave a card party and shower Saturday afternoon at the home of her sister, Mrs. W. H. Ingold, on Eleventh avenue, for Miss Athia Dawson, who is to marry George R. Shephard on February 14. Miss Reideman is to be a member of the Dawson-Shephard bridal party.

Welcome Courtesy
Complimenting Dr. and Mrs. John Funtun of Kansas City, Mo., Mrs. Wellington Burke entertained with a charming supper party last Sunday night at her home on Arden Boulevard. Mrs. Funtun is a prominent society woman of Kansas City and Dr. Funtun is a renowned alienist. This is their third winter here and they contemplate making this city their permanent home.

Mah Jong Party
Miss Helen Wadsworth gave a smart mah jong party last night at her home on Harold Way in Hollywood in honor of Miss Nora Offutt, who leaves soon for an extended visit in her former home, Louisville, Ky. Sixteen guests were asked, among whom were Misses Barbara Durty, Florence Goulding, the Misses Offutt, Gladys McKeivry, Marina Norris, Mrs. C. W. Uria, Messrs. Paul Neuman, Leonard Ellers, Gordon Boyd, W. W. Widenham, Donald McKillan, C. W. Uria, Guy Wadsworth, Jr., and Dr. W. McKillan.

Card Party
Yesterday, at the home of Mrs. Kirk Johnson in Beverly Hills, the Woman's Club of Beverly Hills entertained 100 guests with a card party. The proceeds from the afternoon's entertainment go to the building fund for the new clubhouse.

Guests of Honor
Atty.-Gen. and Mrs. H. H. Clift from Salt Lake City, Utah, are in Los Angeles for a few days and were delightfully entertained last night at a dinner in their honor given by Mr. and Mrs. J. E. Worsley at their home on Crescent street.

At Luncheon
Mrs. Charles Donahoe of San Francisco, national Democratic committee woman, will be the guest of honor today at a luncheon at the Alexandria, given for her by her many friends here and her coworkers from San Francisco who are in the city.

College Night
The dancing contest in the Ambassador Coconut Grove on "college night" last Friday evening was a tie between Mrs. G. O. Longman and Miss Julia Duncan and Mr. Randolph Janicki. A number of Los Angeles youngsters set took part in this contest, and among those who entertained with parties on that evening were V. C. Garvy, Miss Max-

ine Maxson, party of five; A. R. Mitchell, C. Miller, party of eleven; J. W. Campbell, party of six; R. S. Roberts, party of four; R. H. Harkness, party of twelve; and Franklin, party of four, and Richard C. Olsen, party of four.

Bridge Luncheon
Mrs. Joseph Means of Pasadena presided over a bridge luncheon at the Mary Louise Friday. The luncheon table was arranged in the Chinese Room, with decorations of blue and gold. The honored guest of the afternoon was Mrs. Means's sister, Mrs. Ella M. King of Chicago.

Smart Affair
Mrs. H. Walter, who is a guest at the Biltmore, entertained at luncheon at the Mary Louise Friday. Covers were laid for twelve.

For Bride-Elect
Complimenting Miss Marjorie Tuckell, who is to be one of the February brides, the Misses Bertha Howard and Susan J. Howard entertained at a bridge luncheon in the Flower Room of the Mary Louise Saturday. The luncheon table had orchid decorations, carried out in the flowers, the place cards and the cups.

Playing Bridge
The Mu Omega Alpha Sorority entertained the new members at a luncheon at the Mary Louise Saturday. After the luncheon the afternoon was spent playing bridge.

INCOME TAX ORDER

Federal Attorney to Get Cases of Specific Penalties

United States Collector of Internal Revenue Goodell yesterday received instructions from Washington to the effect that cases of delinquent income taxpayers who fail to take advantage of their privilege of submitting offers in compromise of specific penalties, or whose circumstances are such that the penalty cannot be compromised, are to be submitted to the United States Attorney for action.

In cases where returns are not filed within the required time, and the taxpayers' explanations for delinquency are held to be reasonable, the Collector may order the case closed.

Where the penalties are out of proportion to the offense a nominal offer in compromise may be filed. Where the ad valorem penalty is assessed and the taxpayer refuses to pay a warrant of distraint will be used if necessary.

Collector Goodell's instructions provide that the procedure in delinquency cases does not preclude the acceptance of an explanation in a meritorious case, even after the penalty has been assessed. All explanations of delinquency in connection with the returns forwarded to Washington will be reviewed by the Commissioner of Internal Revenue, and the penalties will be waived or assessed as the circumstances may warrant.

SHOE MAN ON BUYING TRIP

To restock his local stores with spring footwear, T. R. Van Degrift of the Van Degrift Shoe Company has left on the buying trip in the East, during which he will visit Chicago, New York, Brooklyn, Boston and other important shoe centers.

COLORADOANS TO UNITE

Former residents of Rockyford, Colo., will meet at Elmer Park, Long Beach, Sunday, for their annual picnic and reunion. A basket luncheon will be served at noon. Those who migrated to Southern California from the town of Fairfield will gather at the Abbey Hotel, Eleventh and Figueroa streets, for their annual picnic Saturday.

IMPROVEMENTS PLANNED

Ordinances were adopted yesterday by the City Council for the improvement of Ardmore avenue between Santa Monica Boulevard and Maple avenue. Halstead avenue near Avenue 26 and Fayette street between Branch street and Adams street.

"Tax Eating"

MUNICIPALLY - owned and politically-operated utilities such as the Los Angeles Bureau of Power and Light pay no taxes. In contrast, the tax bill of Los Angeles Gas and Electric Corporation for 1923 totals \$1,198,798.74. The California state government is supported entirely by taxes collected from corporations such as Los Angeles Gas and Electric Corporation.

The electric rates of the Bureau and the Corporation are the same; therefore the patrons of the Bureau gain nothing because of the freedom of the Bureau from taxation.

But the people, who ultimately pay all taxes, have to pay in other ways the taxes eaten up by the system of political operation under which the Bureau is conducted.

If the Bureau should be permitted by condemnation to force the electric system of Los Angeles Gas and Electric Corporation under its own control, the loss to the public would be two-fold:

First: Through the higher service rates naturally to be expected by reason of the absence of either Railroad Commission control or competition, and

Second: The immense sums now paid into the public treasury as taxes on the electrical business of the Corporation.

This is "a condition—not a theory."

POLICE CHANGE GIVEN SUPPORT

Board Approves Increasing of Detective Force

Council to Consider Adding Assistant Captains

Patrolmen Cleared of Bribe Charges Reinstated

The Board of Police Commissioners yesterday approved of the recommendations of Chief of Detectives Home and Chief Vollmer that the City Council add ten assistant detective captains to the department so that squads of detectives can be placed in charge of these assistant captains. The Council will consider the matter today.

Chief Vollmer yesterday notified the commission that he had reinstated in the department Patrolmen F. C. Kull and Calvin P. George, who had been suspended by a Superior Court jury after a trial at which they were charged with accepting a bribe from citizen whom they discovered with a woman companion in an automobile. William T. Kendrick Jr., attorney for the officers, charged that while they had been restored to duty, they were being discriminated against by Chief Vollmer, who had originally dismissed them from the department. The former board overruled the Chief's action and then the men were indicted by the grand jury, and pending the outcome of their cases, the Chief suspended them, and in this action the present police board sustained the chief.

TO RECEIVE BACK PAY
The reinstated men will receive back pay for the time they were under suspension, and the board asked the City Attorney to make certain that restoration of the men to duty had been carried out as prescribed by the charter in such cases.

The board and the managers of the private patrols yesterday agreed that employees of these patrols shall wear a gray uniform, gray cap, bearing the words "Private Patrol," and shall wear badges of the six-pointed star design. The board regulates these patrols, and Chief Vollmer recommended that a uniform, distinctive from those worn by policemen, be adopted.

CAFE PERMIT UP AGAIN
The Wilshire Cafe Company, which desires to operate a dancing-with-meals cafe at 2215 West Seventh street, was yesterday given two weeks to secure a petition signed by nearby residents and property owners to support the company's application for a dance permit. This property was formerly known as the Richelieu Cafe and it was against granting a dancing permit there that Rev. Gustav A. Bruehl appeared before the board months ago and protested. The board denied the dancing permit at that time, but the application was again filed on the 7th inst.

Police Commissioner Montgomery said yesterday that he was still opposed to granting this application.

Screen Actress Withdraws Suit to Seek Divorce

The suit for divorce, entered by May Allison, film star, and partly heard by Judge Summerfield, was dismissed yesterday at the request of her attorney, Milton Cohen. Miss Allison, whose legal name is Reel, had charged that her husband, Robert Reel, an actor known as Robert Ellis, cursed her, abused himself from home, and treated her cruelly. The granting of the decree was delayed until her attorney could bring into court a process server to testify that Ellis had been served with the complaint. The dismissal of the suit does not mean that there has been a reconciliation. Mr. Cohen announced, denying rumors that the two principals had been seen together in Hollywood. A defect in the pleadings, and the question of the service of the complaint, said Mr. Cohen, led him to induce his client to withdraw the present complaint and start all over again. Miss Allison is now believed to be in New York City, and it is expected that another suit will be filed following her return.

Fixture Plant Fire seriously Burns Worker

In a fire at 740 Wall street yesterday, M. F. Brown of 1432 West Eleventh street was painfully burned and damage of about \$15,000 was done to building and contents, according to an estimate of B. Feldman, manager of the place. It was the electrical fixture factory of G. M. Feldman. Brown, a workman, got too near a gas fire with a rag soaked with lacquer, according to the police, and it burst into flames, burning his hand and arm. Other inflammable liquids caught and the blaze spread quickly. Two alarms were turned in before the fire was subdued.

Hugh J. McGuire Named Head of Public Works

Hugh J. McGuire yesterday was elected president of the Board of Public Works for the coming year, immediately after Arthur Eldridge, newly-appointed Commissioner, had filed his \$10,000 bond and had taken the oath of office. The nomination of Commissioner McGuire was made by Commissioner Delorey and seconded by Commissioner Eldridge. Commissioner McGuire voted "No," succeeded Charles H. Treat, Commissioner Treat having resigned and being succeeded as Commissioner by Arthur Eldridge, who has long served as City Efficiency Director.

DEPARTMENT OF COMMERCE
OFFICE OF THE SECRETARY
WASHINGTON
November 15, 1923

My dear Mr. Howell: I am happy to comply with your request for co-operation in the National Thrift Week campaign. The influence of the Department of Commerce is solidly behind that movement.

I have a profound faith in home-ownership as an incentive to saving and as a step toward financial independence. While many difficulties and obstacles must be surmounted by most families in saving for a home, the very great majority can achieve home-ownership if they set themselves to the task with enough determination. Families can save more and do it easier in paying for a home than in any other way.

PLEA FOR FOLLETTE ACQUITTAL

Defense Asserts State Has Failed to Produce Required Evidence

Defense Attorney Paul Schenck, pleading for former Justice of the Peace Channing Follette, on trial before Judge Keetch on a charge of perjury, yesterday argued at length on a motion for an instructed verdict of acquittal, contending the evidence of the State was insufficient.

Follette was accused of having given false testimony before the grand jury, while that body was investigating the "straw bond" scandal, and, in answer to questions in regard to the package of \$700, asserted to have been intended for a bribe, declared it was left by a man named "Rollins." The State contended that there was no "Rollins," but that Follette furnished the money himself. Mr. Schenck argued that prosecution witnesses had not proved sufficiently that Rollins did not exist.

One witness for the defense—the State having completed its case—was called to the stand out of order yesterday, before the jury was excused while the arguments were heard. The witness gave his name as Patrick J. Sullivan, a hotel keeper of San Francisco. He said he met Gates, a bunko man, who was released on one of the forged bonds, sometime between the 25th and 30th of last April, and that Gates asked him to telephone him asking for "Rollins." This evidence was important for the defense, as it tended to prove that Follette truthfully testified when he said he conversed by telephone with Rollins.

Special Prosecutor William J. Clark subjected Sullivan to a rigid cross-examination. The witness was unable to fix accurately the date of his meeting with Gates by checks, garage receipts or hotel registration, but clung doggedly to the statement concerning Gates' assumed name. Judge Keetch will give his decision today.

REJECT JULIAN PIPE LINE FRANCHISE BID

The City Council yesterday rejected the bid of the Julian Petroleum Corporation for a pipe line franchise in the Harbor District on the basis that the bid was too low. The Council will readvertise for bids and set a minimum of \$500 for the franchise in accordance with the recently increased rates.

SHOP OWNER GOES EAST

Harry S. Goldberg, owner of the Swellom Women's Specialty Shop, his wife, and Andrew Laiter, merchandise manager of the company, have left for New York on a buying trip, it was announced yesterday. Mr. and Mrs. Goldberg will return to the city via Washington and Florida, where they intend to spend a few weeks during the social season.

Why be Feeble?

OLDEN years should not be the approach of a period of worry, care and fatigue. Do not grapple with the hunch of age—with rheumatism, undiminished health—with the system that is free of troubles—through which blood tingles need not be advancing years. The old of S. S. S.—the builder blood cells—to fight off the forces of Old Age.

Old of S. S. S. when you are in the stage of life the nerve has been built up by increasing blood cells—the vigor of youth that you will capably enable you to the advantages of passing the others less fortunate.

For nearly a century has S. S. S. as a valuable and time-honored in the fight for healthy Old Age. It is a pure vegetable product and is sold at all good drug stores. The large bottle is the more economical.

PAINTER DOES BANKER IN OIL

Portrait of J. A. Graves for California Club

Likeness Shows Financier in Familiar Guise

Critics Pronounce Work to be Artist's Best

BY S. FRED HOGUE

Friends and associates of J. A. Graves, president of the Farmers' and Merchants' National Bank and sometimes writer on financial and political topics, were treated to an agreeable surprise at the California Club yesterday when they found hanging on the wall of the main reading room his portrait, done in oil by the noted California artist Arthur Cahill.

The rumor that "Graves has been done in oil" spread rapidly. That the most inveterate opponent to oil speculation in Los Angeles had at last been landed was news indeed. One after another, the club members were led into the lounge to hear the particulars, only to find the ocular proof before them.

No alibi was necessary. The painting was its own justification: it those who have seen it—both critics and the common or garden variety of capitalist that frequents the California Club—pronounce it the best that Cahill has done. And the best by Cahill—well, it is the best.

DECISION WITHHELD

For my part, I withheld my decision. I rather incline to his portrait of Gen. M. H. Sherman. But that, as Kipling says, is another story. A portrait of equal merit, another old resident of Los Angeles to fame and fortune not unknown, hangs on the same wall. But I have been solemnly warned by the publisher of the Times that I will be fired if I mention it. Hence my discretion.

Painting a man of the varied activities of J. A. Graves was no light task. Life is a stage, and one wears a different mask for each part that he plays. Cahill has considered to me that before he began the portrait he visited Graves in his office at the bank, where he was in the act of dismissing a couple of real estate speculators, and lunched with him at the California Club and in his Pasadena home.

He was compelled to make his choice, and he elected to paint him as he appeared at the club, after his lunch, the speculators and the politicians had been mollified by a good meal in congenial company. He liked the Graves in the family circle best. The picture was to hang in the bank, and he feared that Graves would not be recognized by his business associates.

Cahill is a good anatomist, and a good colorist; but his reputation rests on his ability to portray character. Looking at his canvases, one thinks of the subject rather than of the manner in which he painted. This subordination of the artist in the canvas is the ideal of the classic painters, and Cahill is not a modernist; he inclines to the classic school.

The portrait at the California Club is J. A. Graves in his genial mood. One sees him walking through the lounge, cane in one hand, the other thrust into his pocket, features plastic and just the suggestion of a twinkle in his clear blue eyes.

It is that of a man who has lived and has found life worth the living. The firm jaw that has carried him through more than one crisis is there; but it is not set. The relaxed figure suggests strength in repose; and one feels there are tempests in the depths behind those eyes, as well as sunshine.

THE ONLY COMPROMISE

I found but one compromise with art for art's sake in the portrait. The warm, buff cravat is not the color that Mr. Graves prefers. I suspect it was either that sweet martyrdom to which one submits when one receives a portrait as a birthday present from a member of his family; or one of the artist's selection.

Modern portrait painters suffer handicaps that Raphael and Rembrandt never knew. The old painters portrayed their subjects in ruffs and purple robes. But the raiment of the modern business man is woefully lacking in color, and their portraits are apt to be uninteresting. That is why Chaplin and some of the other more modern portraitists confined themselves to painting women.

I have said that the portrait hanging in the California Club was intended for the bank. But it seems that it was the Graves of the family circle after all that Cahill painted. For I am told that Mrs. Graves has seen the portrait and says that it is coming home. If the bank wants one her husband must pose again.

The surprise to me is not that Cahill should have painted an excellent portrait; but that Mr. Graves consented to pose for his picture. I suspect home influence was exerted there.

HEART BALM IS SUED FOR BY HUSBAND

Complaint Asks \$50,000 From Other Man; Divorce Action Also is Started

Eighteen years after their nuptials were celebrated, another man intruded into the realm of their domestic happiness and stole the love of his wife, George V. Stevens of Long Beach charged yesterday, \$50,000 damages for the alleged alienation of the affections of Mrs. T. Dora Stevens. Stevens simultaneously filed suit for divorce against his wife, naming Smith as co-respondent.

In his divorce action, which was based on grounds of cruelty and infidelity, Stevens stated his wife had been so irritable in their marital relationship that he finally removed himself to the garage at the rear of their home at 511 Ohio street, Long Beach.

Smith frequently called on Mrs. Stevens, according to the husband, who said his wife and the co-respondent engaged in affectionate embraces in the presence of their children and the neighbors.

The Stevens have three children, ranging in age from 14 to 22 years, the complaint stated. Stevens asked the custody of the two minors and an order restraining Smith, who was said also to be a married man, from entering the Stevens family home.

The couple were married in Waverly, Ill. July 25, 1906, and have resided in Long Beach since 1912, Stevens said.

Change Sought in Olive Street Extension Plan

An alternative route for the extension of Olive street from Pico street to the south, as asked for under a 51 per cent petition, was proposed to the public works committee yesterday by the Olive street Improvement Association.

The new route will open Olive street to a width of 92 feet commencing at Pico and running into Hill street at the intersection of Washington. Throughout its distance it would parallel Grand avenue.

Other property holders proposed a route which would utilize the present Olive street south of Pico street as far as fourteenth street, and then extend the new Olive street by cutting into Jefferson.

Councilman Wheeler said that the improvement was of such magnitude and public benefit that before the committee finally recommended a route careful investigations should be made as to the ultimate cost of the routes proposed. The committee will again consider the matter on Feb. 5.

Hoover Lauds Thrift Week Housing Work

Calling on the people of America to assist in solving the housing problem, Secretary of Commerce Herbert Hoover has addressed a thrift week message to the Building and Loan Associations of the nation. He says:

I am happy to comply with your request for co-operation in the National Thrift Week campaign. The influence of the Department of Commerce is solidly behind the movement.

I have a profound faith in home ownership as an incentive to saving and as a step toward financial independence. While many difficulties and obstacles must be surmounted by most families in saving for a home, the very great majority can achieve home ownership if they set themselves to the task with enough determination. Families can save more and do it easier in paying for a home than in any other way.

Nationally the problem of home financing is a huge one, for many billions of dollars will be required within the next few years to finance new dwelling construction. There are immense advantages to the nation, and economies to individual families in having this essential financing done as largely as possible through local financing institutions which encourage systematic saving and lead their funds to home seekers within the same community.

The Building and Loan Associations and other organizations that are doing such good work along these lines have my most earnest wishes for success in their efforts during the coming year, and especially during "Thrift Week."

Universal saving insures a wide distribution of wealth among our people and has a close relation to increasing material prosperity and higher standards of living.

Irregularities Seen in Venice Recall Petition

Milton Carlson, examiner of questioned documents, yesterday testified in Judge Hewitt's court, where citizens are seeking a writ of mandate to force the Venice City Trustees to call a recall election aimed against Trustees Lutz, Church and Garety, that one of the petitions, containing 841 names, had 1660 irregularities.

Mr. Carlson declared that there were forged names, addresses, changed addresses and other illegal matters in the petition. The trustees assert that the election was not called because of the insufficiency of the names on the petition.

California Season Coats, Suits, Frocks

Coats Easily fitting coats, with their smooth shoulders, roomy sleeves, and ample swinging flare, sometimes belted, sometimes straight and unbroken in line.

They are coats that one wears to luncheons downtown, to motor in, to shop in, to do all sorts of daytime things in.

They are in grays and tans and greens and brick colors, of Loreda, Mafalda and Camel's Hair and other spring fabrics. Beginning in price at \$47.50.

Suits New, as they are, they have the very qualities that belong to the California Season. In the soft, wool fabrics; the tailored yet sporting turn they take in their belted or box coats, their straight skirts.

Many of these Suits are in soft shades that offer an exceptional selection to the Wednesday shopper.

In mixed grays, tans and browns: Beginning in price at \$37.50.

Frocks Lithe youthfulness in every line of them—and evidence of one's spring impulses.

Designed for that unique out-of-door season that is California's alone—when frocks of silk, or flannel, or checked velours may be worn, according to one's humor.

They are trimmed in many attractive ways, lace collars and cuffs or linen or batiste. The hand drawn work of some, of crepe de chine, is their sole but sufficient trimming. At \$35 and \$45.

THIRD FLOOR

Costume Blouses \$10

THEY are costume Blouses in rich colors and charmingly unusual in their beaded or braided designs.

There are many of the new, bright colored prints among them, and also many of such plain colors as camel's hair color, pigtail blue, gold, canary, silver, gold, rose, black, navy and lucille green.

At prices beginning at \$10.00.

THIRD FLOOR

Sports Skirts

MANY are of novelty fabrics such as imported Cumberland plaids, wool alpaca, Velours, Wool Canton Crepe, and Cricket Flannels.

There are straight, tailored skirts of these novelty wools, and others striped with fine tucks, or pleated, or (as in the sketch) plaided with rows of fine, colored braid.

The colors of the Skirts are so many and so delightful that they will blend or contrast with one's different sweaters and blouses. In ash gray, white, beige, Lucille green, pigtail blue, and others of the new shades.

Prices begin at \$11.75.

Railroads Making Plans for Rush to Coast

Million Advertising Fund to be Set Aside

Indications at this time, based on all available data, point to a greater volume of travel to the Pacific Coast during the coming summer than ever before, it was stated yesterday by A. B. Smith, of the Pacific Coast Traffic Manager of the Northern Pacific Railroad.

Mr. Smith, who is at the Biltmore, is on his annual inspection tour of the offices of his company, one of which is located in Los Angeles.

WILL DRAW PINE FLAT PETITIONS

Meeting of Attorneys Advances Program for Huge Storage Project

FRESNO, Jan. 22.—Another definite step toward the formation of the million-acre Pine Flat water storage project involving Fresno, Kings and Tulare counties will be taken at a meeting in this city on February 8 of the board of attorneys handling legal phases of the project.

At that meeting the attorneys will decide upon and draw up the form of petition to be presented to the different irrigation districts for signature to bring about formation of the project.

When the necessary signatures are obtained the petition will be presented to the State Engineer for recommendations as to be made. The project will be taken up by the State Engineer for recommendations as to be made.

FEAR LACK OF WATER AT FRESNO

Scanty Snowfall in Giant Forest Presages Serious Shortage

FRESNO, Jan. 22.—Fear of a serious water shortage here was aroused today by a report from George Swendsen, engineer of the Fresno Irrigation district, showing that at the present time there are only 100 second feet of water in the ditches of the district, which is only one-fifth of the total capacity.

According to Swendsen, all available water in the district is now being used and there are indications that serious shortage will ensue if there is not a heavier snowfall in the mountains in the near future.

Charles Kapka, water master, has received reports that the mountains are almost bare of snow in many sections and that in the giant forest where the normal fall at this time of the year is between four and one-half and five feet there is only about eight inches of snow on the ground.

Foxtail Grass Clew Leads to Theft Suspect

FRESNO, Jan. 22.—With the arrest of Hans Kombo and Street Helm, the police assert they have in custody the two men responsible for at least two burglaries, and probably several others in this vicinity, within the last few weeks.

Because his shoes are reported to fit footprints left behind by the burglar, and his inability to explain the presence of foxtail grass in his clothing, the police are holding Kombo for the robbery of the home of S. H. Bartram, 829 Poplar avenue. Three hundred dollars in articles were taken and found later in Dry Creek in a spot grown over with foxtails.

Helm was arrested after he had attempted to pawn jewelry stolen from the home of Mrs. Helen McKay, 291 Clark street, last November. Jewelry valued at \$100 was found in his possession, police assert.

Importers May Fight Ruling on Malaga Grapes

FRESNO, Jan. 22.—Strenuous opposition will be made by New York importers to the Federal horticultural board ruling prohibiting importation of Malaga grapes from Spain, in the opinion of local fruit shippers, who declared today they expect the ruling to be modified somewhat.

It has been reported that some of the grape shipments were infected with a species of Mediterranean fly. The effect of the ruling will not be felt here until next November, the season when the largest shipments are made, and by that time it is considered probable that there will be some change in the ruling.

It is held here by dealers that the ruling, should it become effective, without change, will be highly stimulating to local grape distribution.

PLAN RATE PROTEST

San Joaquin Valley Cities to Oppose Change in Tariff

BAKERSFIELD, Jan. 22.—President H. I. Tupman and the entire personnel of the Civic Commercial Association's Traffic Committee last night held a conference with Frank M. Hill of the Fresno Traffic Bureau, to outline a program for presenting tabulated facts before the Interstate Commerce Commission in Fresno on February 1.

At that time every city in the San Joaquin Valley will join in an endeavor to dissuade the commission in changing the present freight rates to western inland towns, and prevent the restoration of the former discriminatory western sea-port rates.

The Civic Commercial Association Traffic Committee is composed of P. F. Fute, chairman; Mayor George Habersham, Homer C. Katze, Everett King, E. H. Loveland and Carl O. Winberg.

CRASH VICTIM SERIOUS

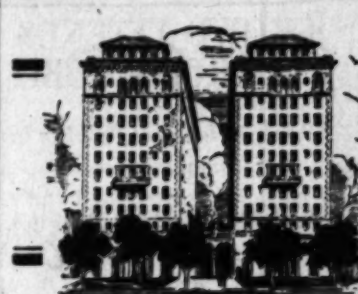

Wife of Fresno Capitalist Near Death in Hospital

FRESNO, Jan. 22.—Following an automobile crash near Ceres Sunday night, Mrs. Carl Briz, wife of the Fresno capitalist, owner of the Briz Building, and heir to the million-dollar Briz estate, is at the point of death in the Robertson hospital in Modesto, it was learned here today. She is suffering from a fractured skull and a broken pelvis.

The accident occurred early Sunday evening, when George Finkenstadt of San Francisco, with whom Mrs. Briz is understood to have been driving to this city, struck a cattle truck that was standing on the paved portion of the highway, and on which Finkenstadt asserted there was no lantern. Finkenstadt was uninjured.

PARALLEL HIGHWAY TO RIDGE WAY FOUGHT

BAKERSFIELD, Jan. 22.—"Unalterable" opposition to the construction of any highway to parallel the Ridge Route, and a belief that there are more practical routes between San Joaquin Valley and the coast, was the stand taken late yesterday by the Board of Supervisors in passing a resolution. The resolution was presented to the board by Mayor George Habersham and received official endorsement.
